Electricity Facts Label — FixedSaver 24 Plan (Texas)

This Electricity Facts Label (EFL) is provided pursuant to Public Utility Commission of Texas (PUCT) disclosure requirements. It summarizes the rate, fee, and contract terms of the FixedSaver 24 plan described in PLAN-FIXED24-TX.

Electricity Price

Average Monthly Usage	Average Price per kWh*
500 kWh	\$0.152
1,000 kWh	\$0.138
2,000 kWh	\$0.145

*Average price includes the base charge, energy charge, and applicable TDU (transmission/distribution utility) delivery charges. Because FixedSaver 24 is a fixed-rate plan, this price is locked for the full 24-month contract term and does not vary with wholesale market conditions.

Contract Summary

Term	Value
Contract type	Fixed rate, 24-month term
Early termination fee	\$200, prorated to \$0 at term end
Renewable energy content	20%
Minimum usage fee	None

Renewable Energy Content

This plan's electricity is sourced at 20% from renewable resources, compared to the ERCOT average of approximately 30% renewable generation mix.
